## Scale Away

### Section 1: Chemical product and company identification

#### Product identifier

**Product form** : Mixture

**Product name** : Scale Away

**CAS No** : Not available

**Product code** : XXXXX

#### Intended use of the product

**Use of the substance/mixture** : Cleaner/delimer

#### Name, address and telephone of the responsible party

**Manufacturer address** : Quality Chemical  
13901 Aspinwall Road  
Cleveland, OH 44110  
1-216-292-9310

**Emergency telephone number** : 1-800-728-3798

### Section 2: Hazards Identification

#### Classification of the substance or mixture

##### Classification (GHS-US)

Skin corrosion/irritation (Category 1A)	<b>H314</b>
Acute toxicity, inhalation (Category 3)	<b>H331</b>
Specific target organ toxicity, repeated exposure (Category 2)	<b>H373</b>

# Safety Data Sheet

### Label elements

#### GHS-US symbols and labeling

**Signal word:** Danger

#### Hazard statements:

- H314** - Causes severe skin burns and eye damage
- H331** - Toxic if inhaled
- H373** - Causes damage to organs through prolonged or repeated exposure

#### Precautionary statements:

- P260** - Do not breathe dust/fume/gas/mist/vapors/spray
- P280** - Wear protective gloves/protective clothing/eye protection/face protection.
- P301+P312** - IF SWALLOWED: call a POISON CENTER or doctor/physician IF you feel unwell.
- P303+P361+P353-** IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse SKIN with water/shower.
- P304+P340** - IF INHALED: Remove victim to fresh air and Keep at rest in a position comfortable for breathing.
- P305+ P351+P338-** IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- P501** - Dispose of contents/container to in accordance with local, regional, national, international regulation.

### Section 4: First aid measures

#### Description of first aid measures

##### General

Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).

##### Inhalation

Remove victim to fresh air. If irritation occurs or if breathing becomes difficult, call a physician Immediately.

##### Skin contact

Immediately flush with plenty of cool running water for at least 15 minutes while removing contaminated clothing and shoes. Wash clothing before reuse. Call a physician if you feel unwell.

##### Eye contact

Immediately flush with plenty of cool running water. Remove contact lenses, continue flushing for at least 15 minutes holding eyelids apart to insure rinsing of entire eye. Call a physician Immediately.

##### Ingestion

Rinse mouth at once then drink 1 to 2 glasses of water or milk. Do not induce vomiting. Call a physician Immediately.

#### Most important symptoms and effects, both acute and delayed

##### Symptoms/Injuries

Effects of exposure (inhalation, ingestion or skin contact) to substance may be delayed.

##### Symptoms/Injuries after inhalation

Vapors cause irritation, including a burning taste, sneezing, coughing and difficulty in breathing. People with asthma or other lung problems may be more susceptible.

##### Symptoms/Injuries after skin contact

Can cause severe irritation possible to chemical burns.

# Safety Data Sheet

## Scale Away

---

### **Symptoms/Injuries after eye contact**

Can cause severe irritation possible to chemical burns.

### **Symptoms/Injuries after ingestion**

Harmful if swallowed. Can cause chemical burns of mouth, throat and stomach.

### **Chronic symptoms**

Causes damage to organs (lungs, liver) through prolonged or repeated exposure.

### **Indication of any immediate medical attention and special treatment needed**

If medical advice is needed, have product container or label at hand

## **Section 5: Fire-fighting measures**

### **Extinguishing media**

#### **Suitable extinguishing media**

Foam. Dry powder. Carbon dioxide. Water spray. Sand.

#### **Unsuitable extinguishing media**

Do not use water jet as an extinguisher.

### **Special hazards rising from the substance or mixture**

Combustion products may include and are not limited to Carbon oxides and Nitrogen oxides (NOx).

### **Fire-fighting Instructions**

Exercise caution when fighting any chemical fire. Alert Emergency responders and tell them location and nature of hazard. Evacuate area of unprotected personnel. Wear protective clothing.

### **Protection during fire-fighting**

As in any fire, wear self-contained breathing apparatus (SCBA) pressure-demand (NIOSH approved or equivalent) and full protective gear to prevent contact with skin and eyes.

# Safety Data Sheet

## Scale Away

---

### Section 6: Accidental release measures

#### Personal precautions, protective equipment and emergency procedures

Eliminate any sources of ignition and prevent additional discharge of materials. Use personal protective equipment. Avoid breathing vapors, mist or gas. Ensure adequate ventilation. Evacuate personnel to safe areas.

#### Environmental precautions

Prevent the liquid from entering sewers, watercourses or low areas.

#### Methods and materials for containment and cleaning up

Rinse small amounts to drain where possible. Dike or dam large spills; pump to contain or soak up on inert absorbent. Flush residue to sewer with plenty of water, rinse area thoroughly.

#### Reference to other sections

Use proper personal protective equipment as indicated in Section 8.

### Section 7: Handling and Storage

#### Precautions for safe handling

Keep container tightly closed. Avoid breathing dust/gas/fume/mist/spray. Use only adequate ventilation. Wash thoroughly after handling. Remove contaminated clothing and wash before reuse. Discard contaminated shoes

#### Conditions for safe storage, including any incompatibilities

##### Storage conditions

Store in a cool, well-ventilated place away from incompatible materials. Keep this material away from food, drink and animal feed. Keep away from strong acids. Corrosives area. Keep container closed when not in use.

#### Specific end use(s)

Cleaner/delimer

# Safety Data Sheet

## Scale Away

### Section 8: Exposure controls/personal protection

#### Control parameters

#### Exposure limits

Chemical Name	ACGIH	NIOSH	OSHA – Final PELs
Ortho phosphoric acid	1 mg/m <sup>3</sup>	1 mg/m <sup>3</sup>	1 mg/m <sup>3</sup>

#### Exposure controls

- Appropriate engineering controls** : Facilities storing or utilizing this material should be equipped with an eyewash facility and safety shower. Use adequate general or local explosion-proof ventilation to keep airborne levels to acceptable levels.
- Personal protective equipment** : Splash goggles and Face shield (29 CFR 1910.133); chemical resistant rubber gloves (29 CFR 1910.138); OSHA / NIOSH respirator (29 CFR 1910.134).
- Hand protection** : Wear appropriate chemical resistant rubber gloves (29 CFR 1910.138) to prevent skin exposure.
- Eye/face Protection** : Wear appropriate protective splash proof eye glasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 29 CFR 1910.133.
- Respiratory protection** : Respiratory protection is not required under normal conditions. Only in special cases, full-facepiece APR or a Self-Contained Breathing Apparatus (SCBA) can be used according to regulations found in 29 CFR 1910.134 or Canadian CSA standard Z94.4. Where concentrations in air may exceed the limits given in this section and engineering.
- Other information** : Do not eat, drink or smoke when using this product. Wash thoroughly after handling. Avoid contact with eyes, skin and clothing. Wash contaminated clothes before reuse.

### Section 9: Physical and chemical properties

#### Information on basic physical and chemical properties

Physical State : Liquid

### Other information

Not available

## Section 10: Stability and reactivity

### Reactivity

This product is non reactive under normal conditions of use, storage and transport.

# Safety Data Sheet

## Scale Away

### Chemical stability

Stable under normal temperature and storage conditions

### Possibility of hazardous reactions

Will not occur

### Conditions to avoid

Do not mix with anything but water. Reacts violently with alkaline material. Do not mix with chlorinated detergents or sensitizers, will cause hazardous vapors.

### Incompatible materials

Alkalines, metal oxides, metals, metal alloys, and organic matters, fluorine, strong reducing agents, bases, sulphur trioxide, phosphorus pentoxide.

### Hazardous decomposition products

Oxides of phosphorus.

## Section 11: Toxicological information

### Information on toxicological effects

#### Acute toxicity

Components	Test	Species	Route of exposure	Results
Orthophosphoric acid	LD50	Rat	Oral	2000 mg/kg (OECD TG 423)
	LD50	rabbit	Dermal	1,260 mg/kg
	LC50	Rabbit	Inhalation	1.689 mg/L 1 hr

#### Skin corrosion/irritation

Causes severe skin irritation

#### Serious eye damage/irritation

Causes serious eye damage

#### Respiratory or skin sensitization

### Section 15: Regulatory information

#### US Federal regulations

##### EPA TSCA regulatory flag

All components of this product are listed on the United States Toxic Substances Control Act Chemical Inventory.

##### SARA 311/312 hazards

None of the chemicals in this product are under 311/312 hazards.

##### SARA Section 302 Extremely hazardous substances

None of the chemicals in this product are under extremely hazardous substances.

##### SARA 304 RQ (lbs)

None of the chemicals in this product are under extremely hazardous substances.

##### CERCLA hazardous substances and corresponding RQs

Orthophosphoric acid (CAS # 7664-38-2) 5000 lbs.

##### OSHA hazards

Orthophosphoric acid (CAS # 7664-38-2) is listed as hazardous chemicals by OSHA.

##### Clean air act

None of the chemicals in this product are classified by CAA.

#### US State Regulations

All components of this product can be found on the following state right to know lists: California, Massachusetts, New Jersey, and Pennsylvania.

# Safety Data Sheet

## Scale Away

---

### **US - California Hazardous Substances (Director's): Listed substance**

Orthophosphoric acid (CAS # 7664-38-2) Listed

### **US - California Proposition 65**

California No Significant Risk Level: None of the chemicals in this product are listed.

### **US - Massachusetts RTK - Substance: Listed substance**

Orthophosphoric acid (CAS # 7664-38-2) Listed

### **US - New Jersey RTK - Substances: Listed substance**

Orthophosphoric acid (CAS # 7664-38-2) Listed

### **US - Pennsylvania RTK - Hazardous Substances: Listed substance**

Orthophosphoric acid (CAS # 7664-38-2) Listed

## **Canada regulations**

### **Canadian Environmental Protection Act (CEPA)**

All components of this product are specified on the public Portion of the Domestic Substances List and are acceptable for use under the provisions of CEPA.

### **Canadian ingredient disclosure list**

Orthophosphoric acid (CAS # 7664-38-2) is listed in Canadian ingredient disclosure list.

## **Section 16: Other information**

**Revision date** : 04.06.2015

**Other information** : The above information is believed to be correct with respect to the formula used to manufacture the product. As data, standards and regulations change and conditions of the use and handling are beyond our control, no warranty, express or implied is made as to the completeness or continuing accuracy of this information.
